## WORLD CUP ON TV3 AND VIASAT

Modern Times Group MTG AB, the international media group, today announced that Viasat Broadcasting has signed an agreement with the Swedish Handball Association and acquired the rights to broadcast the 2002 and 2004 Handball World Cup tournaments. TV3 will broadcast the matches live in Sweden and Denmark, as well as offering additional channels and services to the 550,000 premium subscribers who have access to Viasat's digital platform.

The World Cup is being arranged for the ninth time in November this year and is one of the world's leading handball championships. Eight of the world's leading mens' teams will participate in this year's tournament, including the reigning European champions Sweden, as well as Denmark, France, Russia and Germany, the runners up in the last final.

TV3 will broadcast all of Sweden's and Denmark's games live, as well as the semi-finals and the final. A number of extra channels and services will be offered on Viasat's digital platform, including a dedicated match highlight channel, 'player cam' (tracking the performance of individual players), statistics and competitions.

Hans-Holger Albrecht, President and CEO of MTG, commented: "MTG and Viasat consistently offer viewers the best TV entertainment possible. Viasat provides strong coverage of domestic and international sports events and the extremely popular Handball World Cup will further strengthen this offering."

"Swedish Handball is very happy to now have a long term cooperation with Viasat, and we see this as the beginning of a deeper partnership on a Nordic basis," said Christer Thelin, CEO of the Swedish Handball Association.

## EXPANSION OF TELETEXT OPERATIONS IN SPAIN

Modern Times Group MTG AB, the international media group, announced that its Everytext teletext operation today launched teletext services in Spain on eight local TV stations. These eight broadcasters have a combined reach of 7.3 million people. Everytext already provides all the teletext content and services for Telecinco, Spain's largest commercial national TV broadcaster with a reach of 40 million, and TeleMadrid, the largest TV station in Spain's capital city with a reach of 6 million. Everytext derives its revenues from selling advertising on the teletext pages that it creates.

Everytext is the leading supplier of teletext services, advertising sales and content to broadcasters in Spain. The company's sales grew by 41% and it reported an 43% operating margin in 2001. The Spanish advertising market is the fifth largest in Europe.

Hans-Holger Albrecht, President and CEO of MTG, commented: "These agreements strengthen our position on the Iberian peninsula. Teletext has increased its market share in the depressed advertising markets of 2001, as it provides an extremely cost-efficient and still high visibility medium for advertisers to reach their target audiences."

### MTG RADIO ACHIEVES RECORD LISTENING FIGURES

Modern Times Group MTG AB, the international media group, today announced that MTG Radio has set new records with its latest listening figures, according to the most recent quarterly survey by Swedish research company RUAB. The number of people listening to RIX FM has increased by 7%, and listener numbers for Lugna Favoriter and Power Hit Radio are up 12% and 4% respectively. The highly successful RIX Morrisonzoo morning show reaches an unprecedented 446,000 listeners, representing a commercial share of listening of nearly 30% every morning.

RIX FM has confirmed its position as Sweden's leading commercial radio network with 781,000 daily listeners. This is RIX FM's best result ever, and means that, on an average day, 10.3% of the entire Swedish population tune in to RIX FM.

Lugna Favoriter, with 153,000 daily listeners, is now bigger than P3, the public service channel, and has become the largest commercial radio station in Stockholm. Power Hit Radio increased its number of daily listeners to 124,000 and is now the second largest commercial radio station in Stockholm.

Hans-Holger Albrecht, President and CEO of MTG, commented: "The results of this survey once again demonstrate our unique reach in Sweden. MTG Radio's sales corporation, Airtime, has a larger aggregated number of listeners than any of our competitors and consequently offers advertisers unrivalled advertising packages."

MTG Radio also operates the 'Star FM' stations in Estonia and Latvia and holds stakes in 'P4 Radio Hele Norge' and 'RadioNova', which are the only national commercial radio operators in Norway and Finland respectively.
